Bates takes smart art over to Asia

School plans for the future include a focus on globalization, which means more students will have opportunities to study abroad and learn about different cultures. The school is expanding its partnerships with universities and businesses around the world to provide students with a rich and diverse educational experience.

The idea is to expose students to different perspectives and cultures, which will help them develop a global mindset. Bates is also investing in technology to enhance the learning experience and make it more accessible to students.

Enrollment is expected to increase, and the school is preparing to accommodate the growth. Bates is committed to providing its students with a top-notch education that prepares them for success in the global marketplace.
